

Essex and Suffolk Gliding Club Affordable Gliding Scheme

Essex & Suffolk Gliding Club is a Community Amateur Sports Club (CASC). Anyone having genuine difficulty paying the standard fees should contact the Membership Secretary to discuss low-cost options. It is the Club's intention that we should offer membership plus a monthly activity to such members within an annual cost of £520, or such other amount as may be required by CASC regulations. The monthly activity will comprise a flight equivalent to a Gliding Experience. Such a membership is exclusively available to applicants who can demonstrate that they receive income support, housing benefit, council tax benefit, jobseeker's allowance (income based), incapacity benefit or severe disablement allowance

Applicants have to show proof of eligibility when they join and we review this every six months.
